Consulting (Hourly)	7.00	£100.00	£700.00
Migrate vtiger system to latest version:			
1. Libertus to prepare new development environment to manage the migration because customer's shared host does not allow root access			
2. Install a clean vtiger 7.1.1. system			
3. Copy the 6.5.0 vtiger system from your existing machine using FTP to our development system			
4. Run our own migration scripts on the database to migrate the data to the latest version			
5. Examine existing custom modules and advise which need to be removed and which can be upgraded etc..			
5a. Report on installed modules and system modifications			
5b. Contact vendors, obtain updated modules/licenses			
5c. Examine vtiger code modifications and remove/fix			
6. Move this to the customer's new sever location and test and validate			
7. Schedule to perform the migration for real when the old system can no longer then be used			

This will be a *minimum* of 5 hours work.

Subtotal	£865.00
VAT	£0.00
